SIRENS AND SONS.

President Roosevelt has delivered 370 speeches in the past two and a half years.

W. K. Vanderbilt is to build an inside tennis court in his winter home at Oakdale, Mass., to cost about \$60,000.

Louis A. Dent has resigned his post of United States consul to Dawson, Yukon territory. He will practice law in Washington.

Richard T. Greener, the first colored graduate of Harvard, is the United States consul at Vladivostok, one of the storm centers of the war in the far east.

Dr. Carl Schmidt of Heidelberg, Germany, has succeeded after seven years of hard work in piecing together 2,000 small fragments of papyrus and translating the contents from the Coptic.

It is understood that one way and another ex-Secretary of War Root's cabinet position cost him \$200,000, and that until he has amassed at least \$1,000,000 he will have little or nothing further to do with politics.

Colonel F. E. Younghusband, the British officer in command of the force now invading Tibet, is supposed to know as much about Asia as any other man alive. He has traveled extensively to most of the explored regions.

Dr. Edmund Klamke, a practicing physician and surgeon of Ilwaco, Wash., has been appointed by the Russian government to a position in the hospital service at the front. He is of Danish birth and received his medical education in Copenhagen.

There died in Paris recently Count Emile de Keratry, who could boast that his grandfather, born in 1694, was a page in the household of Louis XIV. The former page married his second wife at seventy years of age and had a son, who was Emile's father. He was born in 1767 and lived till 1852. Three lives bridge 265 years.

Marquis Ito, the Japanese statesman, is described as an indefatigable reader of European and American literature. He reads not only the standard works, but the new publications and the current periodicals of both hemispheres are devoured. He reads German, French, English and Chinese as easily as he reads his own language.

Wild Horses of Arabia.
The wild horses of Arabia will not admit a tame horse among them, while the wild horses of South America endeavor to decoy domesticated horses from their masters and seem eager to welcome them.

Cultivated Land.
In the course of a century an acre of constantly cultivated land loses no less than 12,000 weight of alkalies.

The Turquoise.
There is an old proverb which states that "he who possesses a turquoise will never lack a friend." Certainly from time immemorial a turquoise has never ceased to be regarded as a lucky stone.
